

## Activity - Pocket Book, 6yrs upwards, 1 hour.

Taking inspiration from nature voyage through found paper imagery/ephemera/paints and create a miniature portable world.

Inspired by sixteenth century Wunderkammer (cabinet of curiosity) and Assemble Art.

Materials: paper ephemera, card, glue, pens, paints and cardboard box, (I used a cardboard jewellery box, but any small box will do).

- 1, fold a strip of thin card into equal squares
- 2, decorate the strip of card using paints, pens and collected papers from magazines etc..

3, leave to dry and decorate your box, fold and pop your story into the box
